ELEN 683 Wireless Communications
Handout 1 - General Information

• Date Assigned: January 17, 2006
• Date Due: N/A

• Instructor: Krishna R. Narayanan
• Office Hours: Mon, Thu - 10.30 AM - 12.00 PM
• Email: krn@ece.tamu.edu
• Grader: TBA, TA: Janath Peiris
• Homepage - (http://ee.tamu.edu/~krn/elen68306/index.html)

• Text books:
  1. Wireless Communications, by Andrea Goldsmith, Cambridge Univ. Press, 2005

• Recommended Books

• Prerequisites
  1. ELEN 646, ELEN 661 - Please take this requirement seriously.
  2. It will help a lot to have had ELEN 647. If you have not had this, it is your responsibility to understand basics aspects of information theory.
  3. Programming in MATLAB (or some other language)
  4. A willingness to learn

• Grading policy
  1. Homeworks - 20 % - Homeworks will be graded on a (-,0,+) scale. If you did not turn in a homework or did not put in enough effort you will loose 3 points. Solutions will be provided for the homeworks.
  2. Midterm 1 - 25 %
  3. Course Project - 25 %
  4. Final - 30 %

• Other information
  1. I plan to travel to some conferences during the semester. In order to make up for these we will have make-up classes.
  2. Cheating of any form will be severely dealt with.
  3. Discussion on homeworks is allowed but you must understand, work and write the solutions yourself.
